**EXAMINER'S AMENDMENT WITH REASON FOR ALLOWANCE**

1. An Examiner's Amendment to the record appears below. Should the changes and /or additions be unacceptable to the applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Pursuant to M.P.E.P. § 606.01, the title has been changed to read:  
-- Optical recording medium recording longest mark at speed which half of lowest guaranteed speed for the recording medium --.
3. The following is an Examiner's Statement of Reasons for Allowance:  
Claims 10-18 are allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose an apparatus which includes optical recording medium in which "longest recording mark is made at a speed which is  $\frac{1}{2}$  the lowest recording speed guaranteed for that particular recording medium and it is lower than the lowest standard value of the optical medium". It is noted that the closest prior art, Ueki (US patent 6,310,848) shows a similar apparatus, which reduces the recording speed  $\frac{1}{2}$  to  $\frac{1}{4}$ , the normal speed. However Ueki fails to disclose that this speed reduction is done to record the longest mark. Ueki's speed reduction is done to save power.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Other prior art cited***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
